## March of Dimes - March for Babies

Sunday April, 30th at Reid Park Time: TBD

**Lunch will be provided to all volunteers! [Register Here!](#)** Space is limited.

Prematurity is the #1 killer of babies in the United States. We are working to change that and help more moms have full-term pregnancies and healthy babies. From polio to prematurity the March of Dimes has focused on researching the problems that threaten our children and finding ways to prevent them.

Questions? Please contact our Volunteer Coordinator, Taylor Whitehead, at [taylor@earntolearn.org](mailto:taylor@earntolearn.org).

## Internship Program Development Update

Over the past few weeks, Earn to Learn staff has been reaching out to UA juniors & seniors to better understand interest in local internships. After hearing from over 40 students, we know that you are actively looking for opportunities to get experience and gain new skills in your field. For the pilot phase of this project, we will be working to prepare you for applying for an internship and then helping you search out opportunities. After the initial pilot phase, Earn to Learn staff will work to begin rolling out the internship program statewide.

In this development phase of the project, look out for surveys, events, and other ways to get involved!

If you have any questions please contact Kristin Wisneski-Blum, Special Projects [kristin@earntolearn.org](mailto:kristin@earntolearn.org) 520-333-5772

## Call for Volunteer Stories!

**Have you volunteered for an amazing organization?  
Would you like to be featured on E2L social media?**

If you answered yes to both of those questions, then we are looking for you! Please submit a photo of yourself volunteering with a short description of the event, and you could be spotlighted

on our Facebook or Instagram page!

Please contact our Volunteer Coordinator, Taylor Whitehead, at [taylor@earntolearn.org](mailto:taylor@earntolearn.org) to make your submission.

## Do you have trouble making it to the bank? Give mobile banking a try!

We often hear how difficult making it to the bank can be. Sometimes your bike gets a flat, other times you really need to use your time to study for a test. These things happen, but they don't have to keep you from making your monthly deposit. Here are some helpful tips to get started with mobile banking:

- Check out your bank's info and apps:
  - [Alliance Bank](#)
  - [Hughes Federal Credit Union](#)
  - [Vantage West](#)
- Download the app
- Make your next deposit using the app or transfer it through the online bank site
- Double-check your online account to make sure the deposit went through
- And of course, be sure to do this before the 15th when your deposit is due

You can also just Google your bank's name and "mobile banking" or "mobile deposit" to learn more. You will save tons of time cutting out the travel time to the bank! Yeah for saving both time and money!

## **Saver Spotlight**

**Isabel Rojas** is a freshman at NAU and has mixed feelings about her new surroundings. "There are happy and sad moments being away from home for the first time" but she sees the bright side of choosing to go to school a couple of hours away. When Isabel is not going to class or completing assignments for her dental hygiene program prerequisites, she is getting involved with life at NAU and in Flagstaff through the dental club and playing soccer.
